University
of Vermont

Career Center

Fall Drop-Ins

Stop by Friday mornings for career-related conversation with the UVM Career Center. Ask questions about career prep, inquire about internships, reflect on resumes, or simply nibble while you network.

FRIDAYS 10:30-12:00

The Johnson House | 617 Main St.

Job Listings

Local Food Access Assistant for VHCB AmeriCorps:

- This half-time position is part of the Vermont Housing & Conservation Board AmeriCorps (VHCB AmeriCorps). The VHCB AmeriCorps program supports the innovative dual-goal approach to creating stable affordable housing opportunities for Vermont residents while preserving the natural and working landscape. VHCB AmeriCorps is a national service program that places members with non-profit housing or land and energy conservation organizations around the state.

Program & Outreach Coordinator - Willowell Foundation/VHCB

- Foster strong connections to the land through conservation efforts, environmental stewardship, and experiential learning. Train in an outdoor education setting with children ages 3-18 in one of our many outdoor, nature based, child led programs.

AmeriCorps

Nature Educator for the Audubon Community Nature Center

- Join the team at Audubon Community Nature Center in this full-time, year-round educator position teaching nature and science-based contracted educational programs. Most programs are elementary age audience in school classrooms, schoolyards, field trips and summer day camp. Assist with the care of live animals including reptiles, amphibians, and birds of prey.

Green Corps Organizer

- The Green Corps Organizer program provides a unique combination of classroom instruction and field experience to give you the foundation you need to launch a career to save the planet. Organizers could work on campaigns almost anywhere in the country, and while location preferences are considered for placements, they require all organizers to be geographically flexible.

Common Roots Internship

- Common Roots has a number of hands-on, rewarding and career-oriented internships for fall of 2024. If students are passionate about farming, food security, nutrition, culinary arts, education, communications, land stewardship or food systems, consider applying today!
- Students can apply for a Common Roots Internship with a cover letter and resume directly to internships@commonroots.org, or on Handshake.

Land Management Fellow

- The Fellow's role will focus on advancing our strategic goals and improving the conditions of our land management. They will ensure the coordination, implementation, and revision of the management plans that underlie stewardship activities. Type Job ID 55654 in the search bar to find job.

Restoration, Invasive Species, and Forestry Technician

- Redstart seeks candidates that have strong restoration, invasive species management, and forestry interests, and who wish to learn other skills and be part of a diverse, flexible team.

Redstart
Natural Resource
Management

Environmental Compliance and Programs Manager

- Develop and manage the bog restoration program; provide grower education and support; develop and implement communication plan
- Provide direct technical assistance to growers on federal, state, and local regulatory compliance and conservation programs
- Click the Link above to learn more!

2025 Legislative Intern

- The Vermont Natural Resources Council (VNRC), Vermont Conservation Voters (VCV) and the Vermont Planners Association (VPA) are seeking a Legislative Intern to help track forward-looking environmental legislation moving through the State House during the 2025 legislative session (January through May 2025).

Special Events Interns for Special Olympics of Vermont

- Special Olympics Vermont is seeking passionate and motivated Special Events Interns to support its largest winter fundraising event, the Penguin Plunge, as well as additional fundraising and programmatic events throughout the time of the internship.

Big Sky Watershed Corps Member

- Big Sky Watershed Corps (BSWC) is an AmeriCorps program that assists Montana's watershed communities to make a measurable difference in local conservation efforts while strengthening the experience of young professionals. BSWC members develop and implement climate resiliency initiatives.

Stay Posted for ECHO internships starting October 21st!

Campus Resources
