

REGISTRATION ADVISING WORKSHEET

STEP 1: REVIEW YOUR DEGREE AUDIT AND PICK OUT 5 REQUIREMENTS YOU'D LIKE TO FULFILL NEXT SEMESTER

In general, each semester you will be fulfilling requirements from all different requirement categories (including electives!). If you are undeclared, you will use next semester to explore your interests and options. The classes you pick may still count as university/distribution requirements or electives.

These pie charts show a breakdown of your 120 credits by requirement category, and are a good example of how each semester might look (i.e. a mix of electives, major, minor, and distribution classes.)

STEP 2: LOOK THROUGH THE SCHEDULE OF COURSES AND PICK CLASS OPTIONS FOR EACH REQUIREMENT

List a couple class options for each requirement you are interested in fulfilling next semester (noted in step 1).

You can fill in 2-3 classes on each line/for each requirement. (If you are fulfilling a major/minor requirement that only has one option, just list that one class!)

Try to pick classes that would make a balanced schedule (i.e. 3 MWF classes, and 2 TR classes)

PRO TIP:

Cross reference your degree audit with the schedule of courses. Not every class listed on the degree audit will be offered every semester!
